ASEAN's Most Comprehensive International Exhibition and Conference on Renewable Energy, Energy Efficiency, Environmental and Electric Vehicle Technology

Meeting points for VIPs, Policy makers and Leaders in the Energy Industry

"The Thai government will continue implementing its Alternative Energy Development Plan (AEDP 2018) for 2018-2037, which sets 30% of its final energy consumption to be contributed by renewable energy within 2037 as the ultimate goal," said Deputy Prime Minister and Minister of Energy, Ministry of Energy, Thailand in the opening ceremony speech.

ASEAN Sustainable Energy Week 2020 was officially opened yesterday. The opening ceremony was presided over by K. Supattanapong Punmeechaow, Deputy Prime Minister and Minister of Energy, Ministry of Energy, Thailand. Key leaders in the energy industry from both private and public sector were among the guests at the opening ceremony.

"ASEAN Sustainable Energy Week 2020 will be a platform in supporting and driving the energy industry forwards and support & assist businesses to overcome the challenges from the Post COVID19 pandemic. ASE 2020 is a must-attend event for professionals and policy makers in the energy industry throughout the region." said Mr. Manu Leopairote Chairman of Informa Markets (Thailand) - the organizer of ASE2020.

After the ceremony, VIPs toured some of the exhibiting companies. Exhibitors took the opportunity to present their products and established contacts. "ASE 2020 is expecting to attract more than 15,000 professionals in the energy related industries to visit the show and attend seminars via the hybrid exhibition." the Chairman concluded.

Sustainable Urban Energy Seminar

24th September 2020 10.00 - 16.30 hrs.
Seminar Room A (EH 101-102) **LIVE Free!**

The objective of this seminar will be a meeting platform for cities, local governments, and decision makers to meet with solution providers from the industry and private sector it aims to unlock the potentials for sustainable energy through presentations and panel discussions, by sharing opportunities, challenges, and knowledge about solutions by presenting case studies and examples. The session also aims to highlight barriers and inspire all participants to take action and contribute to the development of sustainable urban energy systems for cities in the Asia Pacific.

ASEAN BIO energy & economy Conference 2020

24th September 2020
MR214-215, 2nd Floor Hall EH103
09.00 - 16.30 hrs. **Free!**

Sustainable Bioresources for Green Energy and Economy

The conference is organized by Kasetsart Agricultural and Agro-industrial Product Improvement (KAPI), Kasetsart University, Thailand. The conference aims to promote the exchange of knowledge on bioenergy and bio-economies, by providing special opportunities to update databases, on current status and the situation in ASEAN countries. The conference is expected to be attended by researchers, private sectors, business developers and policy makers and has been an important platform for dialogue between academic, industrial scientists and technologists.

SWISS PAVILION PRESENTS UNIQUE SOLUTIONS, HIGH TECHNOLOGY AND PROFESSIONALISM

Mr. Urs Heutschi
CEO of Swisssenviro GmbH

"Swisssenviro, we decide each year to return to ASEAN Sustainable Energy Week in Bangkok due to the good and longstanding relation between the Kingdom of Thailand and Switzerland. This results in the high demand from the Swiss companies e.g. KYBURZ Asia Co., Ltd., SID SA with their partner Doss Tech, HUBA Control and Bang & Clean to participate on the Swiss Pavilion at this show together with the Swiss Thai Chamber of Commerce. The ASE is the meeting place of choice in Southeast Asia for regional and international key players and professionals in the sustainability and environmental sectors.

This year we bring various unique technologies will be presented at the SWISS Pavilion 2020 - electric vehicles, shredding and recycling installations, pressure measurement instruments and plant cleaning services.

We hope that the visitors will enjoy the technical diversity on the Swiss Pavilion and that they will find the solutions that they were looking for. The Swiss quality of the present Swiss labels will surely impress and convince them - unique solutions, high technological standards and professionalism."

ASE 2020 A meeting place for our existing customers and new prospect clients

Delta has been participating in ASE for four years in a row. The show is matched with our policies and works on renewable energy and products. We have invited our existing customers at the show and expecting to meet many new prospects.
